

The New Land Trust

June 2008

Ch-ch-ch changes...

Special thanks to Damian, Monica, and Jeff for their dedication to the NLT and for piloting the board for many years. Damian is excited to be spending more time working the Ecofarm. Monica and Damian will continue living at the barn to help sustain the NLT by covering utilities and rent. Congratulations to Monica for reestablishing the Farmers Market in Saranac. Please support them on Saturday, June 28 at the Town Hall.

New Board Elected

Steve Jenks, Chairman

Steve has been a board member for a year and a half. He loves skiing and looks forward to financially stabilizing the Land Trust. More to follow...

Kathy Cantwell, Secretary

Kathy loves the NLT and the fruits and herbs it produces. She looks forward to helping stabilize the NLT and taking all that was preserved 33 years ago to a new level. More to follow...

Stuart Douglas, Treasurer

Stuart loves to ski, hike, and do all that is outdoors. He has been plotting maps of the NLT trails, and looks forward to contributing his knowledge to a place he loves. More to follow...

John Tedford, Board Member

John has been a neighbor and friend of the Land Trust for many years. He looks forward to creating beauty on the land and making it a welcoming place for everyone to enjoy. More to follow...

Donations Needed

Memberships are needed to fulfill our tax obligations and to continue to provide liability insurance. The NLT needs new full memberships at \$140 per year and is looking for contributing members as well. We graciously accept donations in any amount. Please send donations to PO Box 101, Saranac, NY 12981.

What's new...

July 19 come and help clean up 236. The new public entrance for the NLT will be at 236. Bring a pair of gloves and \$5 for dump fees. 7am-noon.

What a great winter!

The trails were cool and clear this winter for some of the best cross-country skiing in the north country. Signage should be completed before the snow flies this coming season.

Members have been providing waypoints to create an accurate trailmap that should be completed at the same time. Some members have already taken advantage of the hungry black flies by biking the trails and the meadow.

Pass it on!
